

Welcome to Just Right Fundraising Where Always You'll Find:

- **No Upfront Cost**
- **No Merchandise to Deliver**
- **No Door to Door Selling required or money to handle**
- **No Minimums**
- **No unsold Merchandise to return or worse, be stuck with**

Wouldn't it be great to have an easy way to raise money for the cause you care about without all the headaches typically associated with fundraising campaigns? Most fundraising requires upfront expense and the risk of unsold merchandise - not to mention the difficult and unpopular job of going door-to-door and handling cash or checks.

What if you could streamline all the work, get the job done online and offer discounts from local merchants directly to the people who would love to support your organization? What if your supporters could choose the merchants they got discounts from? Now we're talking Just Right Fundraising.

We offer discount CARD\$ branded with your name and logo. Your supporters choose the offers they prefer from our participating merchants - either locally or nationally - whatever suits them best.

Our unique program removes all the risk, helps you run an efficient and easy-to-track campaign and offers choices like you've never seen before. Working with Just Right doesn't cost you a dime - after all you're looking to raise money.

We provide your organization the ability to make a customized offer to your supporters. They get something of value while supporting your organization. That means our discount CARD\$ are highly desirable and easy to sell.

You can be making money in 4 easy steps:

- Register online and create an account for your school, athletic team or other organization
- Upload Card (we'll design this for you at no cost)

- Generate email to friends, family and other supporters inviting them to participate
- Receive a check from Just Right Fundraising Every Month

Welcome to win-win-win fundraising. The non-profit makes money, the end-user saves money and the participating merchants get business. It's simple, it's streamlined, it takes all the risk out of the equation and makes fundraising a pleasure.

### New Customers for Your Business – at No Cost to You

Want to tap into more customers in your local market? By participating with Just Right Fundraising, you help support the organizations that are important to your customers and potential customers. It's a great way to do more business and be part of something meaningful to the people you serve.

By offering discounts to the participants in our network, you help them support the causes they care about. Who wouldn't prefer to support the businesses that have their best interests at heart?

You can offer specialized discounts and our members can choose you as one of the merchants on the branded discount CARD\$ they purchase to support their chosen non-profit. CHOICE is what makes us different. Each cardholder chooses 12 businesses for their card; from hundreds of local merchants. When they choose you, they will patronize your business – it's a deliberate choice on their part and it works.

Sign up to be a Preferred Merchant and you can post special offers on our site at any time – a special sale perhaps or a seasonal offer. Anyone in our network can access our Preferred Merchants online and check out your latest listing.

### Support Your Favorite Non-Profit AND Save Money

Would you like to support the great non-profit organizations that do so much good in your community and at the same time get great deals and offers from local, regional and national merchants? Just Right Fundraising makes it easy to spend your money where it helps the causes you care about – and saves you money in the bargain.

Welcome to Just Right Fundraising, the new way to make great and useful decisions about where to spend your hard-earned dollars. It's a tight economy and every dollar counts. That affects the organizations we care about too. It's harder for them to raise the much-needed money that keeps them afloat and doing great things in the community.

Here's how it works. You register at our website with the organization you prefer (or the one that sent you!) Then you can choose 12 local merchants whose offers you like best. They'll be added to a custom card that you'll receive in the mail and can use to save money with those merchants for a full 365 days!

You'll also be able to access our Preferred Merchant Network, where participating local, regional and national businesses will make special offers just for our members. It's win-win. Support the non-profits you care about, save money and support local businesses with heart. It's the perfect solution for helping in our current financial climate. Everyone wins!

Our Discount CARD\$ cost only \$25, but can save you that much many times over. Buy a second card for just \$5 and save more. Every card you buy gives money directly to your chosen non-profit.
